1: Karsten--226 (1916-18) 1935 Jivaro
145 (1928-29)

"On the occasion of naming the child its hair, which at birth is almost fair, is dyed with a solution prepared of the fruit genipa (Genipa americana), called sua by the Jibaros, and the root of a plant called piripiri, so that the hair becomes completely black."
